Pursuant to 37 C.F.R. § 1.137(b), Applicant hereby petitions to revive International Application No. PCT/EP01/15382 which designated the U.S. for purposes of entering the U.S. national stage. The international application became unintentionally abandoned for failure to enter the national stage under 35 U.S.C. § 371. The date of abandonment was 30 months from the filing date of French Application No. 00/16693, filed 20 December 2000, from which the international application claims priority. The petition fee under 37 C.F.R. § 1.17(m) in the amount of \$750.00 for a small entity is enclosed.

The entire delay from the date of abandonment up to the date of this grantable petition was unintentional.

Filed concurrently with this Petition is the application for Photovoltaic Device Forming a Glazing, an executed Declaration and Power of Attorney, an Assignment, and the filing fees. Since this application is being filed after June 8, 1995, no Terminal Disclaimer is required.

Applicant respectfully requests this Petition be granted and that the application be accorded the benefit of the filing date of the international application and the French priority application.

Respectfully submitted,

Garrett V. Davis
